

CORE VALUES

Integrity

We are an Ethical company, we will make decisions based on Family Values, Trustworthiness, Caring, and Fairness.

We are Honest in all interactions with each other, our customers, and our subcontractors.

We do the right thing; we will not take the easy way out

We don't pass blame to others, we are accountable for our actions.

We are dependable; when we make a promise to get something done, it will get it done within the timeframe committed.

We honor our commitments to all our stakeholders.

Safety

We passionately protect our most treasured asset, our employees.

We ensure the safety of our communities, customers, and subcontractors

We remain proactive in identifying and preventing safety issues

We take immediate action when a safety issue is identified

We continually seek ways to improve our safety performance, ensuring all our employees go home every night, safe and secure.

Respect

Our employees add Value to Morris Inc.

We treasure the contributions of others to our goals, our tasks, our daily routine

We will take the time to understand the perspective of others. We encourage "out of the box, innovative thinking".

We will treat everyone with unflinching dignity.

We recognize that no one is perfect, and are allowed to make a mistake to learn and grow from it.

Our Core Values and
Vision Statement
define who we are.

VISION STATEMENT

We are an innovative family of companies that adhere to the founding family values of Integrity, Safety, and Respect.

We serve Central South Dakota's needs for General Contracting Services, Manufacturing, Ag Irrigation, Stone Work, Ag and Construction Equipment sales.

We aspire to be "Best in class" through best practices, innovative process, and financial discipline.

Our goal is to be the supplier of choice because our clients want to work with us. Even though we may be low bid, we will not sacrifice our core values. Our desire is to provide a quality product, on time, within budget.
